

LV Switchgear

GCS Low-Voltage Withdrawable Switchgear

AC low-voltage withdrawable (drawer) switchgear for power centers (PC) and motor control centers (MCC) in industry and infrastructure.

TECHNICAL SPECIFICATIONS

Rated Voltage	AC 400 / 690 V
Rated Current	up to 5000 A
Short-Circuit	up to 80 kA
Protection Level	IP30 / IP40
Standards	GB 7251 / IEC 61439

KEY FEATURES

- ▶ Withdrawable drawer units — high flexibility.
- ▶ For PC and MCC applications.
- ▶ High current and short-circuit capacity.
- ▶ Compact, high component density.
