

LV Switchgear

GGD Fixed-Type Low-Voltage Switchgear

AC low-voltage fixed-pattern complete switchgear for power distribution, lighting and motor control in industrial and commercial facilities.

TECHNICAL SPECIFICATIONS

Rated Voltage	AC 380 / 660 V
Rated Current	up to 3150 A
Short-Circuit	up to 50 kA
Protection Level	IP30
Standards	GB 7251 / IEC 61439

KEY FEATURES

- ▶ Rugged fixed-pattern construction.
- ▶ For distribution, lighting and motor control.
- ▶ High short-circuit withstand.
- ▶ Economical and easy to maintain.
