

Smart Ring Main Unit

XN-GTKGN-12 Solid-Insulated Smart Ring Main Unit

Solid-insulated (SF6-free, eco-friendly) smart ring main unit for 12kV distribution automation. Compact and environmentally friendly.

TECHNICAL SPECIFICATIONS

Rated Voltage	12 kV
Rated Current	630 A
Insulation	Solid (SF6-free)
Automation	Distribution-automation / FTU ready
Standards	GB 3906 / IEC 62271-200

KEY FEATURES

- ▶ SF6-free solid insulation — environmentally friendly.
- ▶ Compact and maintenance-free.
- ▶ Distribution-automation (DA / FTU) ready.
- ▶ For smart urban distribution networks.
