

## HV Switchgear

## KYN61-40.5 Metal-Clad Withdrawable Switchgear

40.5kV armored withdrawable metal-clad switchgear for higher-voltage distribution and industrial substations.

### TECHNICAL SPECIFICATIONS

Rated Voltage	40.5 kV
Rated Current	630 – 2500 A
Short-Circuit Breaking	25 / 31.5 kA
Protection Level	IP4X
Frequency	50 Hz
Standards	GB 3906 / IEC 62271-200

### KEY FEATURES

- ▶ For 35kV-class distribution networks.
- ▶ "Five-prevention" interlocking.
- ▶ Withdrawable vacuum breaker — safe maintenance.
- ▶ Robust armored construction.
